

Metal Tray Cleaning Machine

*Automatic cleaning, drying
and stacking operations*

The rotating nozzle can clean a wide area with fewer nozzles than before.

The metal tray is transported by a magnetic chain, so it does not slip due to water pressure.

Reduce the number of nozzles and filter water for circulation.

You can save a lot of water supply.

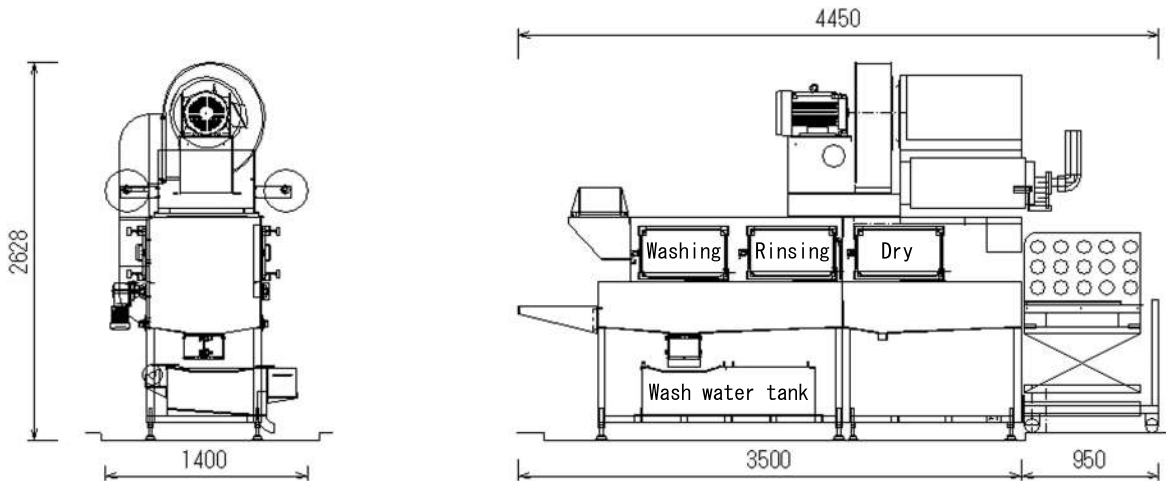

Water is filtered and circulated. Simply pull the filter to keep it clean.

Delivers high drying performance with warm air.

Automatically adjusts to the optimum height and stacks.

※option

Cleaning capacity	500 sheets / hour
Size	W : 1,400mm × D : 4,450mm × H : 2,628mm
